### 3. Ordering Process

Customer shall submit orders to EHS in writing, specifying the quantity, product details, delivery location, and any other relevant information, or place the order on the EHS website. EHS shall confirm receipt of the order and provide an estimated delivery date.

### 4. Pricing and Stock

EHS's website shall maintain accurate pricing for each purchaser's designated level and provide stock information. If an item is not listed on the website, EHS shall endeavor to supply the item, subject to availability. If stock levels are insufficient to fulfill the order, EHS shall accept the order and confirm the availability before processing the order and payment. Quantity discounts are available for larger quantities, the specifics of which vary by item.
